

Make a TTY (Type and Read) call

Step-by-step instructions

1.

For Uniphone TTY

Press the **dial** button. Type **133 677** (or **1800 555 677** if calling an 1800 number).

For Superprint TTY

Press the black switch to turn on the TTY. Press **ctrl and 1**. Type **133 677** (or **1800 555 677** if calling an 1800 number) then press the return key.

2.

Watch the TTY screen.

Wait to be transferred to a Relay Officer.

3.

Type the area code and phone number you want to call then type "GA" (Go ahead).

4.

Wait for the Relay Officer to dial the number.

5.

Watch the screen for the other person's greeting. Wait to read "GA" (go ahead) before answering each time.

6.

Type your message to the other person and type "GA" when you want the other person to answer.

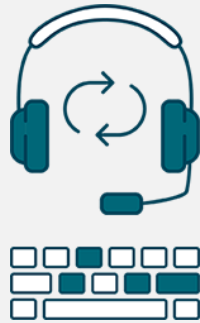

7.

To end the call, type 'goodbye, SKSK' (Stop Keying. Stop Keying)

Read SKSK (Stop Keying. Stop Keying) – the other person saying 'goodbye'

8.

Read "RO here, would you like to make another call? GA"

If yes, type the area code and phone number you want to call then type "GA"(Go ahead).

9.

If you don't want to make another call, turn off the TTY.

For **Uniphone**, press shift and the TTY On/Off button.

For **Superprint**, press the black switch and hang up handset.
